# EVENT CREST

## New Zealand's Premium Event Tent Range

Extreme Marquees range of event tents are engineered to meet our clients specifications. Our clear span range of Crest marquees start at a width of 3 metres and can be designed up to 50 metres. Length is virtually limitless as modular sections can be added to make any size required. Event tents are made from heavy duty aluminium extrusion and cast iron connectors.

There is a full range of accessories available including clear PVC walls, glass walls and doors, wooden floors and roof and side wall curtain linings. Printing is also available on any part of the structure from a front and back gable to a full roof print.

Crest Tents can be fully customized to meet your needs. Clear span and length can be customized to fit any space. Our fully modular system means bays can be added or removed at any time. Our Crest range of marquees is perfect as a wedding tent or for use as an event tent at major trade shows or agricultural exhibitions.

Installation is fast and depending on the size can be set up by several people. We have a range of standard side wall heights however this can also be varied depending on the use required. Crest event marquees can be staked to the ground, bolted to concrete or with the use of weight plates can be secured with concrete blocks.
