

WARNING READ INSTRUCTIONS CAREFULLY BEFORE USE

Quantum Instructions - 10m x 10m

SETUP - INFLATION

Recommended procedure below. For safety reasons it is recommended that 2 persons set up any marquee. Ensure area is free from any sharp objects & overhead objects.

ONE

Layout ground sheet into position.

TWO

Remove marquee from protective cover

THREE

Roll out the marquee.

FOUR

Roll out marquee flat ensuring the frame tubes are not tangled.

FIVE

Connect all pumps to inlet valves using the (OUT) end of pump. Total of 4 pumps.

SIX

Turn pumps on (4) and proceed to inflate each of the 4 sections evenly.

SEVEN

During the inflation process raise legs into the centre until all legs are upright.

EIGHT

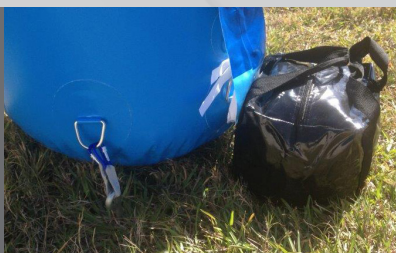

Ensure all legs are lined up and roof is centred. Check frame is firm (do not overinflate).

NINE

Check pressure on gauge, gauge should read approx 1psi. Remove pump.

TEN

As soon as pressure is correct proceed to attach sandbags or pins to legs using D Rings. Remove ground sheet.

VIEW OF QUANTUM FULLY INFLATED

BACK DOWN - DEFLATION

Recommended procedure below. For safety reasons it is recommended that 2 persons set up any marquee.
Ensure area is free from any sharp objects & overhead objects.

ONE

Lay ground sheet out into position to protect inflatable.

TWO

Connect pumps to inlet valves using the (IN) end of pump. Turn pump on and proceed to deflate using all 4 pumps.

THREE

Remove all sandbags and pins and store.

FOUR

Continue to deflate and pull legs out to lay inflatable flat.

FIVE

Fold legs on top of each other.

SIX

Proceed to roll marquee up.
Pack marquee into protective cover.
Roll up ground sheet and store pump.
