Please Note:
All printing is done using CMYK on a large format printer. Pantone Colours / PMS can be supplied and they will be converted to a CMYK breakdown for digital printing. Please state to our Graphics Coordinator if you require colour matching to either a PMS colour or a physical sample. While we make every effort to match PMS colours, slight variation in colour can occur.

Please also keep in mind that colours displayed on a device or monitor can differ from the final printed product. Every effort is made to match colours between products types, there can be variation between colour from Polyester Marquee fabrics, PVC Marquee material and Banner Fabrics.

This template is designed at 10% scale of the final product. Please refer to the 'Bleed' layer to build your artwork and place artwork on the 'Design Layer' of this document. Rasterised (Photoshop) artwork to be supplied at a minimum 300dpi to suit this template size.

Extreme Marquee logo and UV Print Technology tag will be printed onto UV Printed valance as shown above on artwork template unless discussed otherwise with graphics coordinator.
